An Invitation to **ATTEND**

Respected Industry Professionals,

It gives me great pleasure and feel honoured to invite you all on behalf of Executive and Technical committee; to join and actively support us at **MENA Process Safety Conference & Exhibition-Prosaf Mena 2024**. A conference which will be held on **19th Nov till 21st Nov 2024** at **Sofitel Dubai Jumeirah Beach, Dubai, UAE**

The Conference Theme for this year 2024 is to “**Prevent Process Safety incidents by Integrating and Strengthening Process Safety Barriers and Operational Excellence**”.

We welcome this initiative of highlighting this significant topic that needs to be addressed. It can only be avoided if we produce a planned way to prevent, control or mitigate undesired events or accidents. MENA Oil and gas industries contributes a large production of Oil and gas reserves worldwide.

In this stance, there are substantial number of hazardous chemicals on drillings, production sites and several other processes that can lead to an uncontrolled or unplanned release of toxic chemicals and associated fire. GCC Oil and gas Industries, dealing with hazardous chemicals are required to develop an effective process safety management programme. It is a comprehensive program that protects employees, contractors and visitors of the facility.

At **MENA Process Safety Conference & Exhibition-Prosaf Mena 2024** we aimed to identify the underline root causes of such events. Thus, while recommending corrective measures to prevent recurrence of such incidents in future.

This year the conference will include topics such as:

- Process Safety incident investigation
- Proactive Process Safety and Prevention of Catastrophic Incidents
- Fostering Process Safety Culture and Compliance with standards
- Asset Integrity and Process Safety Management
- Identifying and Managing Risk of Aging Facilities
- Effective Process Safety Program
- Parameters for evaluating ESG performance.
- Involving Human Factors in process safety
- Process Safety and pillars to assess the strength of process safety barriers.
- Empowering safety managers and workers through Artificial intelligence (AI) enabled EHS solutions.

I look forward to see you in the capacity to support the initiative as different stakeholders participating in the conference. These includes speakers, sponsors, exhibitors & the contributing delegates for the sake of making this event a successful one in all measures.

Awaiting anxiously to welcoming you to the **ProSaf MENA 2024** at Sofitel Dubai Jumeirah Beach, Dubai, UAE

Who Should Attend

The ProSaf MENA Conference and Exhibition will bring together regional and international operating companies, refineries and petrochemical companies.

Attending departments include:

- Process safety/Process control and engineering
- Leaders Manufacturing
- Operations Leaders
- Compliance Officers
- Loss prevention & fire safety
- Mechanical integrity, maintenance and reliability
- Inspection & Corrosion
- Business Continuity Managers
- Inspectors Process Industry Professionals
- Process Automation
- Process control
- Instrumentation
- Cybersecurity
- Artificial intelligence
- 3D printing
- Managers, Scientists and Educators interested in Process Safety and Process Industry issues
- Senior Leaders whose role involves operations

From following Industries:

- Oil, Gas, Energy & Utilities
- Petrochemicals
- Process Manufacturing
- Chemicals
- Manufacturing & heavy engineering
- Others affected by maintenance issues

Why you cannot miss this event?

- Enjoy unmatched opportunity to network with peers, customers and new prospects
- Benefit from access to top subject matter experts, International industry experts, visionary leaders and executives one-on-one
- Learn how to reduce risk hazards by 60% to achieve process safety excellence
- Evaluate the importance of reducing incidents by 40% by developing safety instrumented systems across critical processes
- Overcome deficiencies in safety critical equipment, emergency shutdown, LOPA and risk based analysis
- Understand the importance of implementing drones, RPA, virtual reality, smart devices and blockchain to boost process safety efficiency by 70%
- Educate the workers across the plant with the 'fit for purpose' initiative while complying with process safety standards
- Hear from the leading Oil and Gas professionals from ME, Africa, Asia, Europe & Americas
- Map out the latest emerging strategies to reduce operational risks and achieve operational excellence
- Evaluate ways to implement a proactive approach to avoid incidents and equipment failure
- This Conference is the jumping point for new and interesting conversation

”

It was a great event and an opportunity for STS to showcase our Capabilities to end users. Highly impressed with Ice breaking session, Print and digital marketing campaign, Quality speakers and committee members. Hope to see more NOC participants next year to share their experience and challenges. It was a great event and very well organized! Well done Team ENERGIA, Keep it up...

Gaurav Sharma
Group Business Development Manager,
Special Technical Services L.L.C.

”

During the conference, we met talented and experienced turnaround engineers where added value to our background how to handle STO from stream to stream with obtaining high quality, performance and safety in addressing T&Is. Moreover, different topics were delivered which covered all STO phases and shared the best in class of STO best practices in the middle east.”

Technology Showcases

Gain insights into the latest technologies that can help reduce your costs and supplement your teams.

Interactive Roleplaying Inspections:

Analyse a hypothetical incident scenario, understand your peers' procedures and learn from top experts on the most useful findings and recommendations.

Interactive Group Discussions:

Get the chance to discuss your ideas and collaborate with your peers on a variety of important topics that are relevant to you.

Panel Discussions

Be a part of interactive panel discussions led by industry thought leaders; discussing the most relevant and trending topics selected by our advisory panel, comprising a selected group

For the first time ever, gain insight into the understanding of AIPSM experts across the organisational structure and realise the gaps in understanding across the value chain.

Interactive Workshop Activities

Work together in groups with your peers to solve practical challenges and learn from each other's experiences.

Product Showcase

The conference's exhibition features a range of solutions and allows delegates to experience their products hands-on.

It was a great event and an opportunity for STS to showcase our Capabilities to end users. Highly impressed with Ice breaking session, Print and digital marketing campaign, Quality speakers and committee members. Hope to see more NOC participants next year to share their experience and challenges.

It was a great event and very well organized! Well done Team ENERGIA, Keep it up...

Gaurav Sharma
Group Business Development Manager,
Special Technical Services L.L.C.

I really appreciate the effort during the event and all teams as well. In fact, the high level of attendees is one of the unique point for event and the specialty of presentations give us maximum benefit. The discussions were organized smoothly. Also, following the time schedule of event really appreciated. Thanks again and I will be glad to joint you in the future.

Saudi Contractors Authority

Topics For Call For Abstracts

- Process Safety Incident Investigation.
- Empowering Frontline Staff for Sustainable Process Safety Culture Implementing a proactive approach to avoid incidents and equipment failure predictive analytical tools used to asset condition.
- Fitness for service evaluation for asset integrity - Analysis of the most viable step in determining the safety and financial risk factors.
- Asset Integrity and Process Safety Management.
- Managing Process Safety Institutional Knowledge and Competency Development.
- ESG Performance And Process Safety.
- Human Factors with a Focus on Best Practices and Lessons Learned.
- Industry 4.0, Big Data Analytics, Digitalization, and Artificial Intelligence for Process Safety.
- Managing Cyber Safety.
- Safety Instrumented Systems (SIS).
- Setting benchmarks for Safety Integrity Levels verification is essential before designing any Emergency Shutdown (ESD).
- Understanding how to reduce human errors by 60% and improve process safety: A top-bottom leadership approach.
- Process safety management of highly hazardous chemicals.
- Safety culture.
- Safety Critical Equipment (SCE).
- Understanding the importance of SCE in the oil and gas industry to avoid hazards, prevent economic and human capital losses.
- Smart systems, devices and software to monitor the safety of critical equipment.
- Developing an Inherently Safer Design (ISD) to guarantee alignments with contractors.
- How to ensure safety during the commissioning phase?

Submission of an abstract implies the author(s) agreement to publish the abstract in the Conference program and on Energia Middle East Website.

If you are submitting more than one abstract a separate submission must made for each one.

The Program Committee will be responsible for evaluating abstracts. Every effort will be made to accommodate the author(s) presentation preference however, the Program Committee reserves the right to allocate the presentation to best suit the program length.

Presenters must register and pay for travel and accommodation expenses.

Email your paper / abstract to: info@energia-me.com

A great conference from all aspects; information, interaction, location and organization. The highest level of the attendees and the presentations made the conference technically valuable. This conference provided an excellent opportunity to catch the latest trend of Shutdowns, Turnarounds best practice. I would highly recommend this conference to all persons interest in Turnarounds field.

Please Find Below Abstract Submission Guidelines.

The body of your abstract should describe the background, methods, results, and conclusions of your research/ subject. You may type your abstract directly into the text box, cut and paste it from an existing document, or upload a text file of your abstract.

Do not exceed 1500 characters (approximately 230 to 245 words) for the total of your abstract title and body, including section titles and table.

The character count does not include spaces, author names, or institutions. One data table is permitted per abstract. Illustrations and figures are not allowed.

If you are submitting more than one abstract, a separate submission must be made for each one.

The Program Committee will be responsible for evaluating abstracts.

Every effort will be made to accommodate the author(s) presentation preference; however, the Program Committee reserves the right to allocate the presentation to best suit the program length.

Abstract Submission Deadline
15th October 2024

Presentation Submission Deadline
1st November 2024

The event was very value adding with a spectrum of varied presentations lighting up the arena with exuberant display of Excellence in the highly complex world of Turnarounds, Shutdowns and Outages. It was an opportunity to witness, participate and reverberate many cases of innovations, challenges, technical brilliance and the never ending story of success from team work. The event gave the invaluable opportunity to rub shoulders with the best people in the Turnaround world in Middle East and was very invigorating.

Girish Chandrasekharan Nair
Senior Engineer, Maintenance Optimization (Turnaround)
Operations Excellence Division

Many thanks to Energia Middle East and her team for the fantastic conference. It was unique blend of experts from Operations, Maintenance and Contracting and provided insights on how Shutdowns and Turnarounds could be optimized and improved. One of the important takeaways from the conference was about the Risk Management and their importance in Shutdowns & Turnarounds. Kudos to the organizers to have not only met but to exceed our expectations

Victor Budda
Business Development Director -Engineering & Maintenance Middle East
Bilfinger Deutsche Babcock Emirates LLC

It was a great knowledge-sharing event, every speaker and attendant shared his/her own experience. For us, it was direct access to a wealth of knowledge that would enrich our experiences. The momentum during the discussions was so high and this is a strong indication that everything presented was of great value and interests.

Book 10+ 10% off the standard price

Conference Documentation

If you cannot make the conference, you can still access all presentations delivered throughout the conference days for just US\$300, post event. Contact us at info@energia-me.com for further details.

PAYMENT

- Payment is due in full at the time of registration and includes lunches, refreshments and detailed conference materials. Payment prior to conference is mandatory for attendance.
- Your registration will not be confirmed until payment is received and may be subject to cancellation.
- If a booking is received 10 working days before the conference a credit card number will be required to confirm your place, likewise if full payment has not been received before the conference date.
- A US\$100 processing charge will be applied to all registrations not accompanied by credit card payment at the time of registration.
- Any respective payment charges to be borne by the payer. Please ensure that Energia Middle East receives the full invoiced amount

DISCOUNTS

- All 'Early Bird' Discounts require payment at time of registration and before the cut-off date in order to receive any discount.
- Any other discounts offered by Energia Middle East (including team discounts) require payment at the time of registration.
- Discounts cannot be combined with any other offer.

CANCELLATION, POSTPONEMENT AND SUBSTITUTION POLICY

- You may substitute delegates at any time by providing reasonable advance notice to Energia Middle East.
- For any cancellations received in writing not less than eight (8) days prior to the conference, you will receive a 90% credit to be used at another Energia Middle East conference which must occur within one year from the date of issuance of such credit. An administration fee of 10% of the contract fee will be retained by Energia Middle East for all permitted cancellations. No credit will be issued for any cancellations occurring within seven (7) days (inclusive) of the conference.
- In the event that Energia Middle East cancels an event for any reason, you will receive a credit for 100% of the contract fee paid. You may use this credit for another Energia Middle East event to be mutually agreed with Energia Middle East, which must occur within one year from the date

Room Reservations

Special / corporate rate for room accommodation is available in the hotel. You may contact the hotel directly as per the details above quoting Energia Middle East or the name of the conference.

Please book at the earliest for your convenience.

- In the event that Energia Middle East postpones an event for any reason and the delegate is unable or unwilling to attend on the rescheduled date, you will receive a credit for 100% of the contract fee paid. You may use this credit for another Energia Middle East event to be mutually agreed with Energia Middle East, which must occur within one year from the date of postponement.
- Except as specified above, no credits will be issued for cancellations. There are no refunds given under any circumstances.
- Energia Middle East is not responsible for any loss or damage as a result of a substitution, alteration or cancellation/postponement of an event. Energia Middle East shall assume no liability whatsoever in the event this conference is cancelled, rescheduled or postponed due to a fortuitous event, Act of God, unforeseen occurrence or any other event that renders performance of this conference impracticable, illegal or impossible. For purposes of this clause, a fortuitous event shall include, but not be limited to: war, fire, labour strike, extreme weather or other emergency.

PROGRAMME CHANGES

- Please note that speakers and topics were confirmed at the time of publishing; however, circumstances beyond the control of the organizers may necessitate substitutions, alterations or cancellations of the speakers and/or topics.

As such, Energia Middle East reserves the right to alter or modify the advertised speakers and/or topics if necessary. Any substitutions or alterations will be updated on our web page as soon as possible.
